

Announcement No. 5

Headquarters, Department of Maryland, March 23, 2008

Brothers,

As determined by the 2007 Department Encampment, the department has defined a document archiving policy for the department and its camps.

The policy accompanies this announcement. Please review it and implement it for your camp. These documents are our legacy. The current effort to locate and preserve GAR documents is proof enough that we must take steps to preserve our current “history” for future brothers.

I would like to thank PCC Donald Cumberland for his time and expertise helping us create this policy.

Yours in fraternity, charity and loyalty,

Steve Hammond
Department Commander
